SCG PLATFORM RELEASE NOTES
Release r130

New features and changed features

- New Circuit list
  - Faster loading
  - Multiple filter selection
  - New columns ‘Circuit condition’ and ‘Monitoring quality’ (replacing old ‘SCG warnings / noise’ and ‘Operational status’) to better reflect circuit status
  - Filters and page selection are encoded in the URL. This allows sharing of the link with specific filtering applied.
  - Long circuit names are wrapped
  - Sorted regions list for region filter
